Bemis' freezer-friendly packaging includes pre-made bags and pouches, printed roll stock, as well as multi-sacks.

**Standup Pouches:** Pouches provide a great billboard to display eye-catching graphics.

**Pillow Bags:** Grab-and-go pillow packaging is ideal for core customer needs.

**Tray & Lidding:** Trays can be engineered to specific shapes, sizes, colors and used along with Bemis EZ Peel® opening and reseal lidding films.

**Roll Stock:** Flexible roll stock packaging opportunities differentiate and generate retail appeal.

## Packaging Advantages

- Strong package integrity minimizes ruptures in the freezer case.
- More consumer-friendly packaging is available with our line of convenient easy-open technologies.
- Speed-to-market is increased with materials engineered to run on existing equipment.
- Domestically produced to expedite service/or supply and JIT inventory.
- Vibrant graphics and a wide range of package structures provide strong brand presence and grab the customers' attention.

## Innovative Packaging Technologies

**EZ Peel® Opening:** Dependable hermetic seal easily opens without scissors or knives.

**IntegraScore® Opening:** Effortless opening is perfect for packages with slider zipper or tamper-evident hoods.

**Cross-Directional Tear Opening:** Time-tested opening feature guides tear initiation for a consistent, easy-open package presentation.

**IntegraPeel™:** Instant promotions are readily available with tear off convenience.

**Bemis Magic Steam™:** Proprietary self-venting device releases steam to regulate and enhance cooking quality. Customers enjoy quickly steamed produce with fresh taste and minimal clean up.

## Sustainability Commitment

Bemis recognizes the importance of leaving the smallest environmental footprint possible. Through our product line of thin, yet highly protective packaging options, we support evolving sustainability initiatives and commit to long-term environmental outreach efforts.
